

CIEH Health and Safety in Health and Social Care Refresher

COURSE DESCRIPTION

The CIEH Level 2 award in Health and Safety in Health and Social Care is valid for 3 years. At the end of this period, staff should attend a refresher course in order to renew their qualification. Delegates have commented that they feel 3 years is too long, as skills and knowledge reduce over time, as well as changes in theories and legislation making previous training out-of-date.

Best practice would therefore suggest more regular refreshers for staff to keep skills updated and to reflect changes to legislation and key guidance. We propose annual refreshers, however each organisation can make their own judgment in this area.

DURATION

This course lasts for half a day (usually 9.30am to 12.30pm or 1.30pm to 4.30pm).

COURSE CONTENT

Definition, hygiene, infection, duty of care and responsibilities, legislation, hazards, accidents, safe moving and handling, risk assessing, costs and benefits

CERTIFICATION

Delegates will receive a certificate of attendance to go alongside their CIEH Level 2 award.

NUMBERS

This course can accommodate between 6 and 16 delegate.

LOCATION

This course is delivered at Brookdale Training Academy. The course can be specifically delivered to staff from your organisation, in addition, it is also possible for individuals to join our own staff training sessions. Please contact training@brookdalecare.co.uk to discuss your requirements
