

Locations

Elm House & Eynesbury House

Howitts Lane
Eynesbury, St Neots
Cambridgeshire PE19 2JA

Facilities

Elm House has been divided into two sides to provide specialised care for adults with Autism. Eynesbury House is a six bedroom house for adults with Asperger syndrome, there is an attached three bedroom Supported Living unit offering move on service. Both homes are special units for adults with Aspergers Syndrome and high functioning autism and both have 24 hour staffing support.

Eynesbury and Elm promote independence; we encourage service users to cook their own meals, with individuals having their own food budget, which enables them to plan their weekly menus and to go food shopping with staff support if they wish.

Each resident at Elm and Eynesbury has a care plan programme which identifies their needs and capabilities allowing, staff to encourage and support the service users to work towards gaining new skills and prompting independence, with the opportunity to move onto more independent services.
